

Bring *Power Play!* to your students!

The *Network for a Healthy California—Children’s Power Play! Campaign* wants to give you the tools you need to empower your **fourth- and fifth-grade students** to make healthy lifestyle choices.

To get started, simply follow these easy steps:

1. Meet with your regional *Children’s Power Play! Campaign* coordinator, **Gaby Hernandez**, for an overview of the *Campaign* and our resources, including **free** materials, community partners, training and program support.
2. Complete a one-page registration form for each classroom to order the materials you’ll need to conduct *Children’s Power Play! Campaign* activities. Discuss training options with your coordinator to determine what will work best for your school.
3. Conduct all **TEN** activities. Activities are linked to the Mathematics, English/Language Arts, and Health Education California Content Standards, so they are easy to integrate into your current curriculum.
4. Return your one-page Participation Report to your *Children’s Power Play! Campaign* coordinator.
5. Your regional coordinator will contact you to let you know how you can receive additional resources for your students.
 receive additional resources for your students.

Are you...

- READY** to help your students become healthier and more energized?
- SET** for added fun and learning during the school day? Then...
- GO** for it!
 Call your coordinator today!
